## EXPERIENCE

### REMOTASK

Data Labelling / Data Annotator

2020 - 2021

Responsible for the accurate labeling and tagging of images using both 2D imagery and 3D applications. The role requires a strong attention to detail and familiarity with advanced imaging software to enhance the quality and usability of the visual datasets.

### VXI Global Solutions

Customer Service Representative - Voice

2023 - 2024

A technical support representative, where I played a key role in providing exceptional customer service and technical assistance to a diverse clientele.

### AwesomeCX - Transcom

Customer Service Representative - Email

2024 - 2025

Provided multi-channel support via email, chat, SMS, and phone, specializing in communication between customers and veterinarians.

### Advance Infinit Solution Inc.

Internship

2025

Contributed to the development of school websites, Learning Management Systems (LMS), and Student Information Management Systems (SIMS).

## PROJECTS

### BEEHONEST(LMS)

ReactJS + NodeJS + Express

An LMS intended to minimize cheating behaviors for online assessments and provides a mechanism to detect and store cheating behavior with face and object detection

### AutoVista Rental Service

Laravel + MySQL

A functional website with a sole purpose to provide a convenient way for visitors in Davao City to browse, compare, and rent cars for personal or business use

### Villamor College of Business and Arts, Inc. Website

Laravel + MySQL

Developed the school's official website with responsive UI, intuitive navigation, and content management for announcements, programs, and enrollment.

### Artisan Dental Clinic

ReactJS + Tailwind CSS

Develop a clean, user-friendly platform that reflects the clinic's commitment to providing exceptional dental care while making it easier for patients to learn about their services and book appointments online.
